Quick multi-height mounting for 12 mm Prisma rail

The **INNOMOUNT QD mount** for **12mm Prisma** rails with a 34mm diameter is available in several heights to accommodate various optical configurations. Its retractable lever system allows for quick, smooth, and tool-free disassembly, while ensuring excellent repeatability of the point of impact. In use, it offers precise mechanics and a compact assembly, perfectly suited to the demands of fieldwork.

- **Rail compatibility** : Prisma 12 mm
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel
- **Compatibility** : Glasses with a 34 mm center tube

- **Diameter** : 34 mm
- **Available heights** : 16 mm, 19 mm, 22 mm, 25 mm
- **Ring spacing** : 62 mm
- **Total length** : 107 mm
- **Compatibility** : 12mm Prisma rail

The INNOMOUNT QD mount for 12 mm Prisma rail in Ø 34 mm offers a reliable and quick solution for installing your optics.

Prisma 12 mm compatibility

Designed for **12mm Prisma** rails, this mount ensures a precise fit and perfect integration on the weapon.

A high-performance Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation and prevent accidental opening.

Adaptation and stability

Available in **16mm, 19mm, 22mm, and 25mm** , this mount allows for precise adjustment of the optic's position. Its **high-strength aluminum** and **treated steel** construction ensures a reliable and durable hold.

FAQ

Is this setup compatible with all Prisma rails?

It is designed specifically for 12mm Prisma rails. You should verify its exact compatibility with your firearm.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
