Swarovski SR dedicated quick mount for Prisma 12 mm

The **INNOMOUNT QD mount** for **12mm Prisma** rails, designed specifically for **Swarovski SR** optics, offers a quick, reliable, and perfectly fitting mounting solution. Its retractable lever system allows for smooth, tool-free removal while ensuring excellent repeatability of the point of impact. In use, the precision of the adjustments and the quality of construction are appreciated, guaranteeing consistent hold over time.

- **Rail compatibility** : Prisma 12 mm
- **Optical compatibility** : Swarovski SR
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Compatibility** : Swarovski SR
- **Height** : 10 mm
- **Total length** : 107 mm
- **Compatibility** : 12mm Prisma rail

The INNOMOUNT QD mount for 12mm Prisma rail dedicated to Swarovski SR optics guarantees a fast, reliable and perfectly adapted attachment.

A high-performance Quick Detach system

The **secure retractable levers** ensure quick and tool-free assembly and disassembly. The push buttons allow for simple and safe everyday operation.

Specific compatibility Swarovski SR

This mount is designed for **Swarovski SR** optics, ensuring a precise fit and optimal integration on a 12mm Prisma rail.

Compact and robust

At **107 mm long** , this mount remains compact while offering excellent rigidity. Its **high-strength aluminum** and **treated steel** construction ensures optimal durability.

FAQ

Is this setup compatible with other lenses?

No, this model is specifically designed for Swarovski SR optics.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
