Long mount with Picatinny rail for Sauer 303 SN

The **INNOMOUNT QD Long mount** for **the Sauer 303 SN** with integrated **Picatinny** rail offers an extended mounting surface, ideal for configurations requiring precise positioning. Its retractable lever system allows for quick, smooth, and tool-free removal, while ensuring excellent repeatability of the point of impact. In the field, this extra length provides significant comfort, optimizing ergonomics and overall balance.

- **Weapon compatibility** : Sauer 303 SN
- **Rail type** : Integrated Picatinny
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Type** : Long Picatinny Rail
- **Height** : 20 mm
- **Total length** : 190 mm
- **Compatibility** : Sauer 303 SN

The INNOMOUNT QD Long mount for Sauer 303 SN with integrated Picatinny rail is designed to offer maximum flexibility in optics positioning.

A longer rail for more freedom

Thanks to its **190mm length** , this mount allows for fine adjustment of the position of lenses and accessories. In practice, this results in improved comfort and precision of use.

A high-performance Quick Detach system

Secure retractable levers ensure quick, tool-free assembly and disassembly. Push buttons allow for simple and reliable operation, even in field conditions.

Modularity and robustness

The **integrated Picatinny rail** allows for the installation of a wide range of equipment. Its **high-strength aluminum** and **treated steel** construction ensures excellent rigidity and proven durability.

FAQ

Is this assembly compatible with all Sauer 303 models?

It is designed for Sauer 303 models equipped with the SN system. Check the compatibility of your weapon.

What accessories can be mounted on this rail?

All accessories and optics compatible with the Picatinny standard can be installed.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.
