Zeiss ZM/VM dedicated quick mount for Sauer 303 SN

The **INNOMOUNT QD mount** for **the Sauer 303 SN,** designed for **Zeiss ZM/VM** optics, offers a quick, reliable, and perfectly matched mounting solution. Its retractable lever system allows for smooth, tool-free removal while ensuring excellent repeatability of the point of impact. In use, the precision of the clamping and the quality of the machining are immediately apparent-key elements for maintaining consistent zeroing.

- **Weapon compatibility** : Sauer 303 SN
- **Optical compatibility** : Zeiss ZM / VM
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Compatibility** : Zeiss ZM / VM
- **Height** : 8 mm
- **Total length** : 120 mm
- **Compatibility** : Sauer 303 SN

The INNOMOUNT QD mount for Sauer 303 SN, dedicated to Zeiss ZM/VM optics, guarantees a quick, reliable and perfectly adapted attachment.

A high-performance Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure simple and safe operation, even in field conditions.

Zeiss-specific compatibility

This mount is designed for **Zeiss ZM / VM** optics, ensuring precise fit and optimal integration on Sauer 303 SN.

Precision and robustness

With a **length of 120 mm** and a design in **high-strength aluminum** and **treated steel** , this mount ensures reliable support and excellent repeatability of the point of impact.

FAQ

Is this assembly compatible with all Sauer 303 models?

It is designed for Sauer 303 models equipped with the SN system. Check the compatibility of your weapon.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
