INNOMOUNT QD mount for Tikka/Sako, reliable accuracy

The **INNOMOUNT QD mount** for **Tikka T3/T3x and Sako TRG** 26mm eyepieces is designed to provide a reliable and quick attachment for your optics. Built for demanding use, it allows for tool-free removal while maintaining excellent repeatability. In use, you'll experience a true sense of precision and stability.

- **Brand** : INNOMOUNT
- **Compatibility** : Tikka T3 / T3x, Sako TRG 21 / 22 / 41 / 42
- **Type** : QD (Quick Detach) Quick Detachable Mount
- **Necklace diameter** : 26 mm
- **Materials** : High-strength aluminum / treated steel
- **System** : retractable levers with push buttons

- **Available heights** : 16 mm (standard), 19 mm, 22 mm
- **Necklace diameter** : 26 mm
- **Collar width** : 15 mm
- **Collar spacing** : 86 mm
- **Total length** : 138 mm
- **Weight** : 150 to 180 g depending on the version

The **INNOMOUNT QD mount** for Tikka and Sako TRG scopes allows for quick and reliable installation. It is designed for users looking for an efficient solution to switch between configurations without losing their zero.

An efficient Quick Detach system

The mechanism relies on two integrated retractable levers. Once locked, they remain flush, minimizing the risk of accidental opening. Activation via push buttons allows for quick and intuitive operation - a real advantage in the field.

Consistent repeatability after disassembly

After removal and reinstallation, the assembly returns to its precise position. If the tightening is correctly adjusted, the point of impact remains stable - an essential point for saving time and maintaining settings.

Three height settings for a precise adjustment

Available in **16, 19, and 22 mm** , this mount allows you to perfectly adapt the position of the scope to your optics. The line of sight is adjusted precisely, without compromise.

Robust and balanced construction

Made from **high-strength aluminum** and **treated steel** , this assembly ensures excellent durability. Upon handling, the whole thing feels rigid and perfectly fitted - you can immediately sense the quality of its construction.

FAQ

Is this assembly compatible with all Tikka T3/T3x models?

Yes, it is designed to fit Tikka T3 and T3x models as well as compatible Sako TRG models.

Does the assembly retain its settings after disassembly?

Yes, once properly adjusted, it guarantees excellent repeatability of the point of impact after reassembly.

How to choose the right height?

The choice depends on the diameter of your objective lens and your shooting position. Greater heights offer more clearance for larger optics.
