Total length	142 mm	137 mm	130 mm	130 mm
Dimension A	21.84 mm	21.84 mm	21.84 mm	21.84 mm
Dimension B	87.5 mm	83 mm	76 mm	56 mm
Dimension C	21.84 mm	21.84 mm	21.84 mm	21.84 mm
Weight	approx. 135 g			

The **INNOMOUNT Multirail** combines the advantages of a classic Picatinny rail with Blaser mounting compatibility. This hybrid design allows for seamless switching between configurations -

a real time-saver and a source of flexibility.

Four lengths for a perfect fit

Available in sizes **S, M, L, and SL** , this rail offers a precise fit for your firearm. In practice, this allows for optimal optics positioning without compromise.

Two systems in a single assembly

This hybrid rail allows the use of both **Picatinny** accessories and Blaser mounts. The result: great freedom of configuration.

Hardened steel construction

Made from **hardened, bronze-plated steel** , this rail guarantees excellent resistance to mechanical stress. Even under demanding conditions, the assembly remains perfectly stable.

Stability and repeatability

The precision-machined profiles ensure consistent optical support. In use, the positioning remains reliable - exactly what you would expect from this type of mount.

FAQ

Which size should I choose: S, M, L, or SL?

The choice depends on the length of your camera body and the desired positioning of the lens. A suitable size ensures optimal mounting.

What is the advantage of a hybrid Picatinny/Blaser rail?

It allows the use of both Picatinny and Blaser mounts, offering great flexibility of use.

Is the assembly durable?

Yes, its construction from hardened steel ensures excellent resistance and optimal stability over time.
