Quick and precise tool-free mounting specifically designed for CZ550/557.

The **INNOMOUNT CZ550 QR Mount Without Rings** is a quick-release mount designed for the CZ550, CZ557, and CZ537 rifles. Made in Germany, it guarantees a reliable attachment and excellent repeatability of the optical adjustment.

- **Type:** assembly without clamps (bracket)
- **System:** Quick Release
- **Compatibility:** CZ 550 / 557 / 537
- **Material:** aircraft-grade aluminum
- **Fixing:** secure lever
- **Made** in Germany
- **Manufacturer reference:** 50-00-00-00-520

Dedicated CZ mount: perfect fit

This **INNOMOUNT mount** is specifically designed for the CZ550, CZ557 and CZ537 rifles. It fits directly onto the original interface, ensuring stable and precise optic positioning - a key element for maintaining consistent shooting.

Intuitive and secure Quick Release system

The clamping lever allows for installation in two simple steps. Once locked, it remains securely in place and cannot open accidentally. For removal, a safety button must be activated - a quick but controlled operation.

Flexibility without collars

Supplied **without rings** , this mount allows you to freely choose the diameter and height best suited to your scope. This is a significant advantage for precisely adjusting your setup to your optics and shooting style.

Robust German construction

Machined from aircraft-grade aluminum, this assembly offers excellent strength while maintaining a low weight. In the field, the quality of its construction and the system's reliability are immediately apparent.

Technical details and usage

- **Assembly:** tool-free
- **Disassembly:** quick with safety button
- **Use:** hunting and sport shooting
- **Maintenance:** excellent repeatability of the point of impact

FAQ

Is this assembly compatible with all CZs?

It is designed for the CZ550, CZ557 and CZ537 models. For other models, it is necessary to check compatibility.

Are the collars included?

No, this assembly is supplied without collars to allow for a personalized choice according to your optics.

Does quick disassembly change the setting?

No, the INNOMOUNT system is designed to guarantee excellent repeatability and retain the setting after reassembly.
