Quick and precise assembly for Sauer ISI platforms.

The **INNOMOUNT Base QD Sauer 303 11 mm** is a quick-release base designed for Sauer rifles with an ISI interface.
Compact and precise, it ensures reliable fixation of your optics with excellent repeatability.

- **Height:** 11 mm
- **Tilt:** 0 MOA
- **Weapon compatibility:** Sauer 303 / ISI / 2020 GTI
- **Top interface:** INNOMOUNT Ø 8 mm
- **Material:** aluminum
- **Color:** black
- **Drift adjustment:** no

Perfect compatibility with Sauer ISI systems

This **INNOMOUNT** base is specifically developed for **Sauer 303** rifles, as well as the ISI and 2020 GTI platforms. It integrates directly with the original interface, ensuring precise and stable positioning of your optics.

Reliable Quick Detach Mounting

The **QD (Quick Detach)** system allows for quick, tool-free mounting and dismounting. In the field, this makes it easy to change optics or disassemble the scope while retaining the initial settings.

Optimized height for line of sight

With a height of 11 mm, this base offers an ideal low position for a natural aiming position. This improves comfort and speed of target acquisition, especially during active hunting.

Robust and precise design

Made of aluminum, it combines lightness and strength. The zero MOA (zero tilt) ensures a neutral mount, perfectly suited to standard shooting distances.

Additional technical details

- **Tilt:** 0° / 0 MOA
- **Extension:** KR 0.0 mm
- **Spirit level:** no
- **Use:** hunting and sport shooting

FAQ

Is this base compatible with all Sauer models?

It is designed for the Sauer 303, ISI systems and 2020 GTI models. It is important to check compatibility for other models.

Does the QD system retain the setting?

Yes, the INNOMOUNT system ensures excellent repeatability, allowing the point of impact to be maintained after disassembly.

Can a scope be mounted directly onto it?

No, this base requires INNOMOUNT Ø 8 mm compatible upper elements to attach optics.
