Blaser quick assembly, precision and simplicity without tools.

The **INNOMOUNT Blaser QR Monobloc Mount** is a quick-release one-piece base dedicated to Blaser rifles.
Designed for intuitive use, it allows for instant assembly and disassembly while maintaining precise adjustment.

- **Type:** one-piece without collars
- **System:** Quick Release
- **Compatibility:** Blaser platform
- **Upper elements:** not included
- **Material:** aircraft-grade aluminum
- **Fixing:** secure lever
- **Manufacturer reference:** 50-00-00-00-800

Mount specifically designed for Blaser rifles

This **INNOMOUNT mount** is designed specifically for **Blaser** platforms. It fits perfectly into the original interface, guaranteeing stable and perfectly aligned positioning of your optics.

Fast and secure Quick Release system

The **QD** system allows for installation in two simple, tool-free steps. Once locked, the lever cannot be accidentally opened. The integrated safety button ensures controlled unlocking - a true guarantee of safety in the field.

Total flexibility without collars

Delivered without top components, this one-piece unit allows you to freely choose the rings best suited to your scope. This provides a customized configuration tailored to your optics and intended use.

Sturdy and lightweight construction

Made from aircraft-grade aluminum, this assembly combines mechanical strength and lightness. In the field, it inspires confidence thanks to its robustness and the smoothness of its mechanism.

Uses and characteristics

- **Assembly:** tool-free
- **Disassembly:** quick with integrated safety features
- **Use:** hunting and sport shooting
- **Maintenance:** excellent repeatability of the setting

FAQ

Is this setup compatible with all Blaser motorcycles?

It is designed for standard Blaser interfaces. It is recommended to check compatibility according to the exact model of your rifle.

Are the collars included?

No, this model is delivered without collars to allow for a personalized choice adapted to your optics.

Does quick disassembly change the setting?

No, the INNOMOUNT system is designed to guarantee excellent repeatability and maintain the point of impact after reassembly.
