INNOMOUNT QD quick mounting system dedicated to Infiray thermal optics.

The **INNOMOUNT QD mount** for **Blaser/Sauer 505** platforms was designed to provide quick, reliable, and perfectly repeatable mounting of **Infiray Rico** and **Infiray Geni** thermal optics. Compact, low-profile, and robust, it features intuitive handling and excellent mechanical strength, even during repeated field handling.

- **Quick QD mounting** with retractable double locking lever
- **Compatibility** : Infiray Rico RH35/50, RL42, RS75
- **Compatibility** : Infiray Geni GL35R, GL35, GH50, GH50R
- **Supplied with** : 3x N00016 adapters
- **Height** : 10 mm
- **Total length** : 205 mm
- **Weight** : 150 g
- **Materials** : High-strength aluminum and hardened steel
- **Repeatability guaranteed** after proper disassembly/reassembly.
- **Secure recessed levers** with push buttons

Designed for **Blaser** and **Sauer 505** rifles, this **INNOMOUNT QD** quick mount provides a stable and perfectly compatible interface for **Infiray Rico** and **Infiray Geni** thermal devices. Compact and exceptionally low-profile, it promotes a natural sight picture while maintaining excellent rigidity.

A truly professional Quick Detach assembly

The QD system developed by **INNOMOUNT** is based on two retractable locking levers combined with side push buttons. This design prevents unintentional openings while allowing for quick operation - even with gloves or in difficult conditions.

In practice, disassembly becomes almost instantaneous and requires virtually no tools. Once the tensions are correctly adjusted, the repeatability of the assembly remains remarkable after each

reassembly.

Infiray Rico and Geni compatibility

Compatible lenses

This model is compatible with the following thermal appliances:

- Infiray Rico RH35
- Infiray Rico RH50
- Infiray Rico RL42
- Infiray Rico RS75
- Infiray Geni GL35R
- Infiray Geni GL35
- Infiray Geni GH50
- Infiray Geni GH50R

Robust construction and low profile

Made from **high-strength aluminum** combined with **hardened steel** components, this mount combines lightness and mechanical durability. At only 10 mm high, it maintains a low and ergonomic sight line - a detail that immediately improves user comfort.

Incidentally, the low weight of the mount also contributes to the good overall balance of the equipped weapon, without any feeling of overload at the front.

FAQ

Does this assembly retain the setting after disassembly?

Yes. When the clamping forces are correctly set, the INNOMOUNT QD assembly offers excellent repeatability after disassembly and reassembly.

Which Infiray thermal devices are compatible?

The mount is compatible with the Infiray Rico RH35, RH50, RL42, RS75 models as well as with the Infiray Geni GL35, GL35R, GH50 and GH50R.

Does the assembly require tools to be removed?

No. The Quick Detach system allows for quick and almost tool-free disassembly thanks to the secure opening locking levers.
