- **Dimension A** : 21.84 mm
- **Dimension B** : 96.5 mm
- **Dimension C** : 21.84 mm
- **Weight** : approx. 135 g
- **Material** : Bronze-coated hardened steel

The **INNOMOUNT Multirail** for the **Winchester M70 Long Action** combines two mounting systems in a single solution. Compatible with Picatinny and Blaser mounts, it allows for easy adaptation of the rifle to different needs while maintaining exceptional rigidity.

Two assembly standards combined

The rail allows the direct use of **Picatinny** standard accessories and optics, while remaining compatible with Blaser mounts. A scalable solution that simplifies configuration changes.

Hardened steel construction

Made from **hardened, bronze-plated steel** , this rail offers high resistance to wear and mechanical stress. Even with powerful calibers, stability remains impeccable.

Precision machining

The precision-machined cross profiles ensure consistent lens positioning. In use, this helps maintain adjustments and assembly repeatability.

Designed for the Winchester M70 Long Action

This version is specifically developed for the long actions of the **Winchester M70** . The fit is precise, ensuring a seamless and reliable integration.

FAQ

Is this rail compatible with Blaser mounts?

Yes, the Multirail is designed to directly accept Blaser mounts while retaining a full Picatinny interface.

What model is this rail intended for?

This version is specifically designed for Winchester M70 rifles in long action.

What material is used in its manufacture?

The rail is made of hardened bronzed steel to provide excellent strength and long-lasting stability.
