The hybrid solution allowing the use of Picatinny and Blaser mounts.

The **Blaser Picatinny Multirail for the Winchester M70 Short Action** combines the advantages of a traditional Picatinny rail with direct compatibility with **Blaser** mounts. Made from **hardened, blued steel** , it offers a robust, precise, and upgradeable mounting platform for demanding hunters and shooters.

- **Compatibility** : Winchester M70 Short Action
- **Type** : Hybrid Picatinny / Blaser rail
- **Compatible mounts** : Picatinny optics and Blaser mounts
- **Material** : Bronze-coated hardened steel

- **Height** : 8.5 mm
- **Total length** : 136.18 mm
- **Dimension A** : 21.84 mm
- **Dimension B** : 82.5 mm
- **Dimension C** : 21.84 mm
- **Weight** : Approximately 135 g
- **Mounting** : Supplied with 4 screws N00001
- **Finish** : Bronzed

The Blaser Picatinny Multirail for the Winchester M70 Short Action provides a modern solution for users who want complete freedom in their choice of optical mounts. Its hybrid design allows simultaneous use of both Picatinny and Blaser standards on a single interface.

Two systems combined into a single solution

Unlike a conventional rail, the Multirail combines the advantages of the Picatinny standard with the ability to directly use Blaser mounts. This versatility facilitates equipment changes and maintains compatibility with current and future optics.

A hardened steel construction

Made from high-quality hardened steel and then blued, this rail is designed to withstand the significant mechanical stresses generated by powerful calibers. Even better, its rigidity helps maintain excellent mounting stability over time.

Accuracy and repeatability

Precision-machined profiles

The precision-machined cross profiles ensure consistent positioning of accessories and excellent repeatability during successive disassemblies and reassemblies.

Designed for demanding users

Whether for hunting or target shooting, this rail provides a reliable platform to fully utilize the performance of modern optics. It's exactly the kind of component appreciated for its ease of use and everyday durability.

FAQ

Which weapons is this rail compatible with?

This model is specifically designed for Winchester M70 Short Action rifles.

Can Blaser and Picatinny mounts be used on this rail?

Yes, the Multirail was developed to accept both Blaser mounts and Picatinny compatible accessories and collars.

What material is used in its manufacture?

The rail is made of high-strength hardened steel with a bronze finish ensuring robustness and durability.

Is the mounting kit included?

Yes, the rail comes with four fixing screws, reference N00001.
