A pack ready to take to the firing line

This **Gamo Arrow SLT package** combines a modern **PCP** air rifle with a **Gamo 3-9x40 WR scope** perfectly suited to its performance. From the moment you pick it up, you appreciate the well-balanced setup that allows you to quickly take advantage of the precision offered by the Arrow platform.

A smooth and efficient PCP mechanism

The **Gamo Arrow SLT** features a particularly fast **straight-pull bolt** action. This ambidextrous mechanism facilitates rapid follow-up shots while maintaining an excellent shooting position. Its 10-round rotary magazine, combined with a capacity of approximately 90 shots per fill, makes it a particularly enjoyable rifle for extended shooting sessions.

Whisper Fusion and relaxation CAT

The integrated **Whisper Fusion** sound moderator significantly reduces noise, while the adjustable two-stage **CAT** trigger allows for a break tailored to the shooter's preferences. This balance between comfort, precision, and ergonomics is immediately noticeable when firing.

Gamo 3-9x40 WR Scope

Supplied with its 26mm mount, the **Gamo 3-9x40 WR scope** offers variable magnification, allowing for easy adaptation to different shooting distances. Its 40mm objective lens provides good brightness, and its illuminated reticle improves readability in low-light conditions.

A lightweight and ergonomic design

Compact and modern, the Arrow platform was developed to offer excellent maneuverability. Its lightweight design facilitates long shooting sessions, while its open sights and 11mm rail allow for the configuration that best suits each user.

FAQ

What does this pack include?

This pack includes the Gamo Arrow SLT 4.5 mm caliber PCP rifle as well as a Gamo 3-9x40 WR scope delivered with its mount.

What is the battery life of the Gamo Arrow SLT?

The rifle can provide up to approximately 90 shots per fill depending on usage conditions and operating pressure.

Is the scope suitable for precision shooting?

Yes. Its variable magnification from 3x to 9x, its 40mm objective lens and its illuminated reticle allow it to adapt to many recreational and precision shooting distances.
