The ideal pack to get started in PCP

This **Gamo Arrow SLT pack** contains everything you need to immediately enjoy a **PCP** air rifle. The scope, high-pressure pump, and a box of **500 AccuTek Match pellets** are included, providing a complete setup from your very first shooting session.

A modern and high-performance PCP rifle

The **Gamo Arrow SLT** stands out with its **linear bolt** action, which is particularly smooth and fast. Its 10-round rotary magazine facilitates rapid-fire sequences, while its capacity of approximately 90 shots per fill allows for extended, uninterrupted shooting sessions. Its **Whisper Fusion** system helps reduce noise levels, and its adjustable CAT trigger improves trigger pull accuracy.

A scope designed for precision

The **Gamo 3-9x40 WR scope** perfectly complements the rifle's performance. Its variable magnification is suitable for both medium-range shooting and precision target practice. Its 40mm objective lens provides excellent brightness, while its illuminated reticle facilitates target acquisition.

Gamo Flex PCP pump included

The **Gamo Flex pump** allows for easy filling of the reservoir up to **200 bar** . Equipped with a pressure gauge and a standard DIN fitting, it offers excellent compatibility with Gamo PCP air rifles and is a particularly practical self-contained solution.

Gamo Match AccuTek pellets

The **500-round box of Gamo Match AccuTek pellets** is the perfect complement to this pack. Thanks to their new, more ductile alloy, these pellets conform more effectively to the rifling of the barrel, improving shot consistency. Their flat head ensures clean cuts on cardboard targets, making them an excellent choice for **target shooting** and precision practice. The new AccuTek manufacturing process also optimizes aerodynamics and promotes exceptionally consistent shot patterns.

A coherent set by Gamo

Each element of this pack has been designed to work in perfect synergy. The ease of use and overall quality of the package are immediately apparent, from the rifle's mechanics and optics to the consumables specially developed by the brand.

FAQ

What does this Gamo Arrow SLT pack include?

The pack includes the Gamo Arrow SLT 4.5 mm PCP rifle, a Gamo 3-9x40 WR scope with its mount, a Gamo Flex PCP pump and a box of 500 Gamo Match AccuTek pellets.

Why use Gamo Match AccuTek pellets?

Their new, more malleable alloy improves barrel fit while their flat head promotes clean target cutting and excellent accuracy in sport shooting.

Does the pump allow the rifle to be completely filled?

Yes. The Gamo Flex pump is designed to fill PCP tanks up to 200 bar and is perfectly suited to the Gamo Arrow SLT.
