The low-profile quick mount for Pulsar Trail 2 and Digisight optics.

The **INNOMOUNT QD quick-release mount** is designed for **Pulsar Trail 2** and **Digisight Ultra** optics on **Weaver/Picatinny** rails. Its two retractable levers ensure secure locking, quick tool-free removal, and excellent point-of-impact repeatability. Its high-strength aluminum and hardened steel construction guarantees long-lasting reliability.

- **Compatibility:** Pulsar Trail 2 / Trail 2 LRF
- **Compatibility:** Pulsar Digisight Ultra N355
- **Compatibility:** Pulsar Digisight Ultra N450 / N450 LRF
- **Compatibility:** Pulsar Digisight Ultra N455 / N455 LRF
- **Compatible rail:** Weaver / Picatinny
- **Mounting type:** QD (Quick Detach)
- **Construction height:** 10 mm
- **Center-to-center distance of clamping axes:** 110 mm
- **Total length:** 142 mm
- **Weight:** 150 to 180 g depending on the version
- **Materials:** High-strength aluminum and hardened steel
- **Items supplied:** 2 N00027 adapters and 1 N00028 adapter
- **Locking:** Two retractable levers with safety push buttons

A low-profile Quick Detach solution

The **INNOMOUNT QD mount** allows you to install or remove a **Pulsar** optic in just seconds. With its **10mm height** , it keeps the optic close to the barrel axis, promoting a natural aiming position and excellent overall balance.

Quick disassembly without compromising on precision

The two locking levers are controlled by push buttons that prevent accidental opening. Once the clamping forces are correctly set, the **Quick Detach** system provides a remarkable **return to zero** . In practice, the lens can be quickly removed and reinstalled while retaining its adjustment.

Compatible with most Pulsar optics

This version is specifically developed for the **Pulsar Trail 2** , **Trail 2 LRF** , and **Digisight Ultra N355, N450, N450 LRF, N455, and N455 LRF** . The included adapters (**2 × N00027** and **1 × N00028**) ensure a perfect interface for compatible models.

Premium manufacturing

The body is machined from **high-strength aluminum** to offer an excellent balance between rigidity and lightness. The mechanical components are made of **hardened steel** , guaranteeing high wear resistance and a long lifespan, even with frequent disassembly.

Designed for Weaver and Picatinny rails

Compatible with **Weaver** and **Picatinny** rails, this mount integrates easily with a wide range of platforms. Its **110mm** clamping distance ensures excellent optical stability, even under demanding conditions.

FAQ

Is this setup compatible with all Picatinny rails?

Yes. It is designed for Weaver and Picatinny rails conforming to standard dimensions.

Is the setting retained after disassembly?

Yes. When the clamping is correctly adjusted, the INNOMOUNT QD system ensures excellent repeatability of the impact point after reassembly.

Which Pulsar lenses are compatible?

The mount is compatible with the Pulsar Trail 2, Trail 2 LRF, Digisight Ultra N355, N450, N450 LRF, N455 and N455 LRF.
