Optimize your optics mounting with an Innomount Picatinny rail for Benelli Lupo.

The **Innomount one-piece Picatinny rail** for **the Benelli Lupo** is machined from **blued steel** to offer maximum rigidity and secure optics retention. Compliant with the **MIL-STD-1913 Picatinny** standard, it guarantees universal compatibility with scope rings, riflescopes, and red dot sights while ensuring excellent mounting repeatability.

- **Brand:** Innomount
- **Compatibility:** Benelli Lupo rifle
- **Type:** One-piece Picatinny rail
- **Standard:** Picatinny MIL-STD-1913
- **Material:** Bronzed steel
- **Height:** 8.5 mm
- **Total length:** 158.7 mm
- **Dimension A:** 21.9 mm
- **Dimension B:** 96.9 mm
- **Dimension C:** 21.9 mm
- **Weight:** Approximately 135 g
- **Supplied with:** 4 fixing screws N00001

A base perfectly suited to the Benelli Lupo

To fully exploit the qualities of a **Benelli Lupo** , the optics mount must be as precise as the rifle itself. This **Innomount Picatinny rail** offers a rigid and perfectly machined platform that ensures optimal alignment of your scope or red dot sight. During shooting, this stability directly contributes to maintaining the zero of your optics session after session.

A one-piece steel design

Made from **bronzed steel** , this rail prioritizes robustness and durability. Its one-piece design minimizes mechanical stress and ensures consistent optic retention, even after repeated

disassembly. This impression of solidity is quickly appreciated and inspires confidence in the field.

Universal Picatinny compatibility

The **Picatinny profile, compliant with the MIL-STD-1913 standard,** allows for easy mounting of most rings, scopes, red dot sights, and other compatible accessories. Precision-machined grooves ensure a secure lock and excellent mounting repeatability.

Optimized positioning of your optics

At **158.7 mm** long, the rail offers ample freedom to adjust the optic's position according to your body type and desired eye relief. This flexibility facilitates achieving a comfortable, natural, and perfectly repeatable shooting position.

A reliable solution to complement your rifle

Combining **Innomount's** precision machining with high-quality steel construction, this rail is an ideal solution for hunters seeking a robust, precise, and durable mount for their **Benelli Lupo** . It's an accessory designed to maintain the performance of your equipment season after season.

FAQ

Is this rail only compatible with the Benelli Lupo?

Yes. This base is specifically developed for the Benelli Lupo rifle to guarantee a perfect fit and secure mounting.

What lenses can be mounted on this rail?

The rail complies with the Picatinny MIL-STD-1913 standard and allows the installation of the majority of rifle scopes, red dot sights and accessories compatible with this interface.

Does the rail come with mounting screws?

Yes. Four N00001 fixing screws are supplied to allow direct installation on the Benelli Lupo.
