Optimize your optics mounting with an Innomount Picatinny rail for Sako 85.

The **Innomount one-piece Picatinny rail** for **the Sako 85** (body lengths **XS, S, M, and L**) is machined from **blued steel** to provide maximum rigidity and secure optic retention. Compliant with the **MIL-STD-1913 Picatinny** standard, it guarantees universal compatibility with rings, scopes, and red dot sights while ensuring excellent mounting repeatability.

- **Brand:** Innomount
- **Compatibility:** Sako 85 rifles
- **Compatible case lengths:** XS, S, M and L
- **Type:** One-piece Picatinny rail
- **Standard:** Picatinny MIL-STD-1913
- **Material:** Bronzed steel
- **Height:** 13.3 mm
- **Total length:** 154 mm
- **Weight:** Approximately 135 g
- **Supplied with:** 1 screw N00066, 1 screw N00007 and 4 screws N00117

A base specifically designed for the Sako 85

Mounting high-performance optics starts with a reliable base. This **Innomount Picatinny rail** , developed for **Sako 85** rifles equipped with **XS, S, M, or L** actions, offers a perfectly machined platform that guarantees precise alignment of your scope or red dot sight. This rigidity helps maintain the optic's zero over time.

One-piece construction in high-strength steel

Machined from high-quality **bronzed steel** , this rail is designed to withstand the most demanding mechanical stresses. Its one-piece construction minimizes deformation and ensures consistent optical support. This is a detail that quickly becomes apparent when you regularly disassemble or reassemble your equipment.

Universal Picatinny compatibility

Compliant with the **MIL-STD-1913 Picatinny standard** , this rail allows for the mounting of a wide range of rings, scopes, red dot sights, and other compatible accessories. Precision-machined grooves ensure a secure lock and excellent mounting repeatability.

Designed for all action lengths Sako 85

Compatible with **XS, S, M and L** actions, this base simplifies the choice of mounting for the different variations of the **Sako 85.** Supplied with all the necessary screws, the rail allows for direct installation and is perfectly adapted to the weapon.

A sustainable solution for discerning hunters

Combining **Innomount's** high-quality machining with a particularly robust steel design, this rail provides a reliable mounting solution to permanently support your **Sako 85.** It offers the essential stability to fully exploit the performance of your optics.

FAQ

Is this rail compatible with all Sako 85 models?

Yes, it is designed for Sako 85 rifles equipped with XS, S, M and L actions. However, you should check the action length of your rifle before purchasing.

What lenses can be mounted on this rail?

The rail is compatible with all scopes, red dots and accessories using the Picatinny MIL-STD-1913 standard.

Is the screw hardware included?

Yes. The rail comes with one N00066 screw, one N00007 screw and four N00117 screws to allow for complete installation.
