IMP0200	Picatinny/blazer rail for Merkel RX / SAKO S20	Vente libre	255.00 € incl. tax

Easily mount your optics on your Blaser with an Innomount Picatinny rail.

The **Innomount one-piece Picatinny rail** for **Blaser R8 and R93 rifles** is made of **hardened, blued steel** to provide maximum rigidity and secure optic retention. Compliant with the **MIL-STD-1913 Picatinny** standard, it ensures universal compatibility with rings, scopes, and red dot sights while guaranteeing excellent mounting repeatability.

- **Brand:** Innomount
- **Compatibility:** Blaser R8 and Blaser R93 equipped with a Blaser rail mount
- **Type:** One-piece Picatinny rail
- **Standard:** Picatinny MIL-STD-1913
- **Material:** Bronze-coated hardened steel
- **Height:** 5 mm
- **Total length:** 135 mm
- **Weight:** Approximately 135 g
- **Supplied with:** 4 fixing screws N00009

A robust base for your Blaser rifle

This **Innomount Picatinny rail** allows you to transform a **Blaser** mount into an interface compatible with the **MIL-STD-1913 Picatinny** standard. This makes it easy to install a wide range of scopes, red dot sights, or other compatible accessories while maintaining excellent stability.

Hardened steel construction

Made from **hardened steel** with a bronzed finish, this rail prioritizes mechanical strength and durability. This design ensures excellent rigidity and minimizes deformation, even after frequent disassembly or intensive use. It's a real asset for preserving your optics' alignment over time.

Universal Picatinny compatibility

Thanks to its **Picatinny-** compliant profile, this rail accepts the majority of rings, scopes, red dot sights, and accessories available on the market. The precision-machined grooves ensure a secure lock and perfect mounting repeatability.

A compact and efficient design

With a **height of only 5 mm** , this rail minimizes the elevation of the optics while providing a stable platform. Its **135 mm** length allows for easy adjustment of the scope's position to achieve optimal eye relief.

A premium solution by Innomount

Combining high-precision machining with particularly strong hardened steel, this rail is an ideal solution for **Blaser** users looking for a reliable, durable mount perfectly suited to the demands of hunting or sport shooting.

FAQ

Is this rail compatible with the Blaser R8 and R93?

Yes. This model is designed for Blaser mounts of R8 and R93 rifles compatible with this interface.

What optics can be installed on this rail?

The rail complies with the Picatinny MIL-STD-1913 standard and allows mounting of the majority of compatible scopes, red dots and accessories.

Is the screw hardware included?

Yes. The rail comes with four N00009 fixing screws for complete installation.
