- **Package contents:** Delta Fox GT rifle, 250 Match Classic pellets, 250 Pro Match pellets, 100 cardboard targets 14 x 14 cm, GAMO metal target holder.

A rifle designed for learning in the best conditions

The **Delta Fox GT** was developed to make **air rifle shooting** simple, enjoyable, and progressive. Its light weight of only 2.1 kg makes it easy to handle and reduces fatigue during shooting sessions. Its excellent balance is immediately noticeable, a real advantage when learning the basics of precision shooting.

Ideal power for recreational shooting

With an energy of **7.5 joules** and a velocity of up to **210 m/s** , this rifle offers performance perfectly suited to target shooting. The **spring-piston** system ensures self-contained operation, without CO₂ cartridges or compressed air cylinders.

Rifled barrel and fiber optic sight

The **GAMO rifled steel barrel** ensures excellent pellet stability right up to the target. **Fiber optic** sights improve visibility, even in low light. This is a detail that is particularly appreciated during outdoor shooting sessions.

Ergonomics designed to last

The **fiberglass-reinforced nylon** stock is highly resistant to repeated use. Its non-slip texture provides a secure grip, while the ventilated butt plate enhances comfort during extended shooting sessions. An automatic safety upon cocking completes a reassuring and user-friendly package.

A complete package to progress

This kit contains everything you need to get started right away. The **Match Classic pellets** are perfect for daily practice, while the **Pro Match** pellets offer excellent consistency for achieving tighter groupings. The **metal target holder** efficiently retrieves the pellets, and the **100 GAMO targets** allow you to practice session after session without any additional equipment.

Compatible with a riflescope

Thanks to its grooved rail, the rifle can accommodate a compatible scope (sold separately). This allows for easy upgrades as the shooter progresses.

FAQ

Does the pack allow you to start shooting immediately?

Yes. The pack includes the rifle, two boxes of pellets, a set of 100 targets, and a metal target holder. No additional accessories are needed to get started.

What pellets should I use with this rifle?

It is designed for 4.5 mm caliber diabolo pellets. The Match Classic pellets are ideal for training, while the Pro Match pellets are suited for precision shooting sessions.

Can a scope be installed?

Yes. The Delta Fox GT has a grooved rail allowing the mounting of a compatible scope, sold separately.
