The MAUSER M17 PA Metal Blue , chambered in .22 LR HV caliber , is a pump - action repeating rifle belonging to the small - caliber firearms category . This model was developed based on the proven M15 platform and combines a modern appearance with a new pump - action reloading system .

The M17 PA features a newly developed pump - action repeater , providing a short and direct cocking action . The design aims to offer sporty and dynamic handling while ensuring controlled detonation .

The mechanism operates in the locked position and is designed to ensure reliable operation with .22 LR High Velocity ammunition .

The MAUSER M17 PA is equipped with a hammer - forged barrel . This ensures consistent accuracy , even during rapid - fire sequences , and contributes to a more even distribution of impacts during sporting use .

The M17 PA was designed with ergonomic and secure handling in mind . Its features include :

- Ambidextrous safety .
- An ambidextrous release button allows unloading when the weapon is in the safe position .
- An optimized shell ejection system for right-handed and left - handed shooters .
- Integrated charger safety features .

The control system is suitable for both right-handed and left - handed shooters .

The MAUSER M17 PA is designed for sporting use in the small - caliber category , particularly for training or dynamic short- and medium - range disciplines . Its balance and mechanism design promote controlled and consistent shooting .

This model is compatible with various types of magazines. A 110- round drum magazine is also available as an option.
